↘ Bluewing Motors

Through Bluewing Motor's core technology, we operate a business that converts fuel-powered motorcycles into electric ones by utilizing the existing vehicle chassis. Offering K-Conversion Kit composed with essential components for conversion as well as OBD equipment for management and control. We create social impact through carbon business based on collected big data.

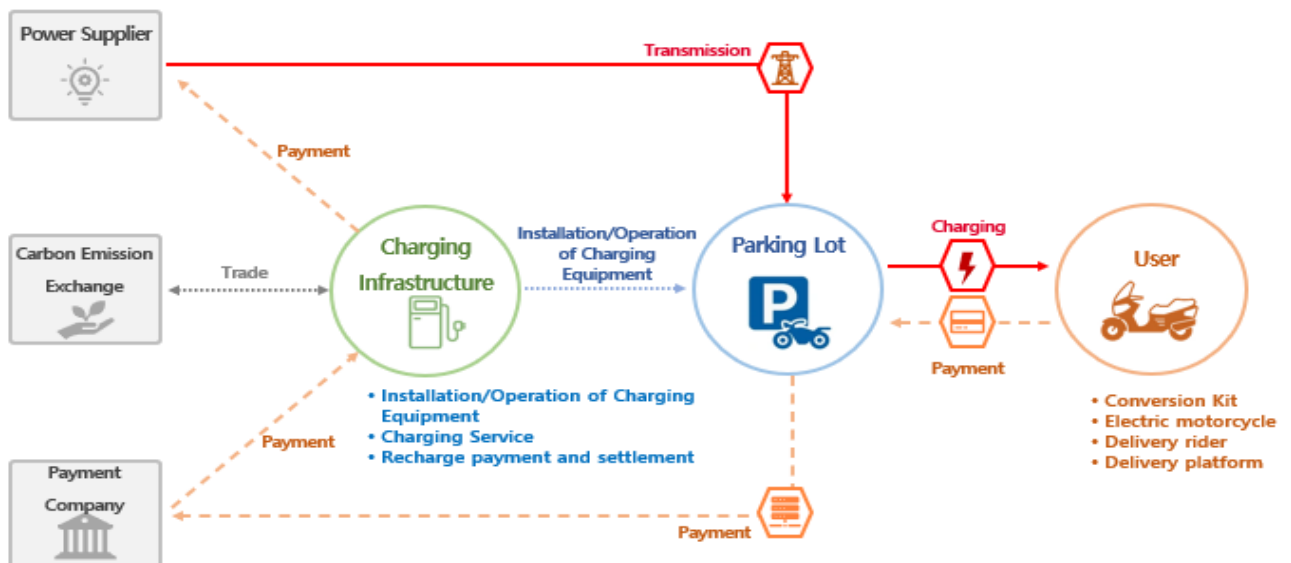

↘ Rzi Overview

Issuance of eco-friendly cryptocurrency based on carbon credits secured through

Conversion of gasoline two-wheeled vehicles

System that can replace individual carbon reduction actions with offset rights

Eco-friendly cryptocurrency that allows individual to produce and trade offsets

[**Real Carbon Zero Integration**]

↘ Rzi Business Structure

㈜BlueWing Motors, through BWM Indonesia provides 1)conversion kit sale,2)charging infrastructure operation,3)payment services as a core area.

Notice

1. Copy the RZi Coin address(http://rzci.io/) you received via KakaoTalk or text message. Then, open the address in your web browser: use the Naver search bar on a Galaxy (Android) phone or the Safari search box on an iPhone to access Rzi.

2. For accessing Rzi, use the specific method suitable for your cell phone model. Follow the instructions to create a shortcut icon on your phone's home screen.

3. Follow the detailed instructions provided in the Rzi Coin wallet installation manual to install your wallet.

4. To safeguard against situations like phone damage or loss, use the Rzi coin private key generation instructions to create and separately save a private key.
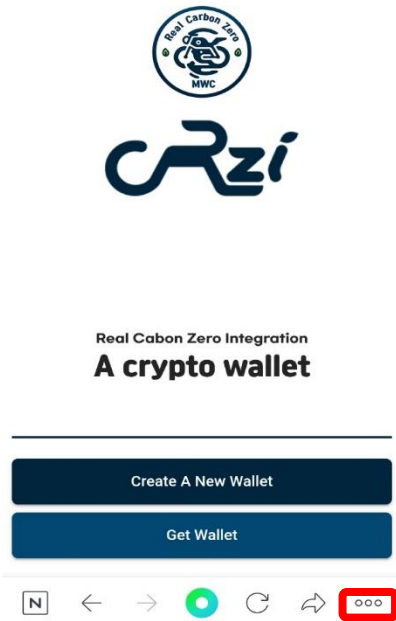

⭕ Galaxy, creating a home icon

1

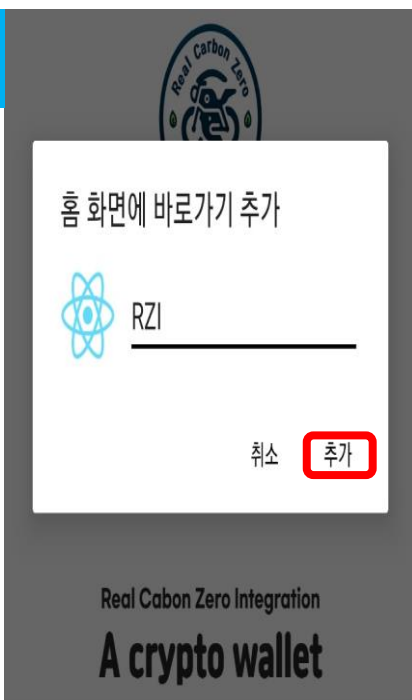

① **Search http://rzci.io/ in Naver**
② **Select the box on the bottom right**

2
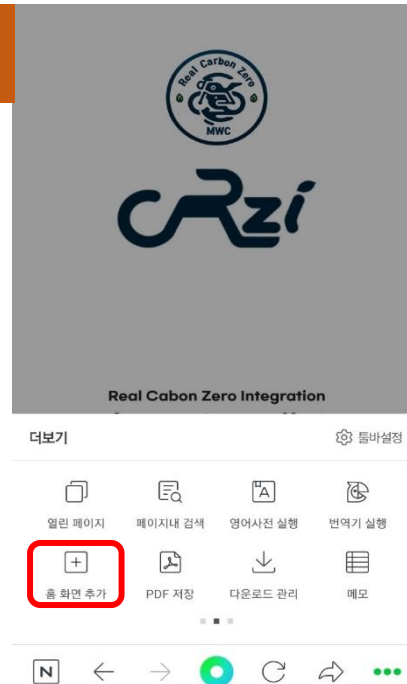

① **Select "Add to home screen"**

3

① **When a new pop-up window appears as shown above, select "Add" with the desired name**

4

① **Select "Add"**
② **Make sure it's added to your mobile home screen**
